

Thank you for downloading our Kingsville Golf App! A brief information page is listed below. If you have any questions or feedback, contact Jacqui at admin@kingsvillegolf.com or 519-733-6561 Ext 110, or speak to a Team Member at Kingsville Golf.

Offer Locker:

The Offer Locker is located on the App Home Page which features promotions only available to those who have downloaded the App. To redeem a promotion for the initial time, you will be prompted to verify your email. You will receive an email from Gallus Golf and simply open it and click "Verify." To redeem an offer, a Club employee will enter the code and select "Redeem." Once redeemed, the offer must be used at that time, and cannot be used again at a future date. Offers will be updated regularly.

News:

The News button will feature pertinent information including **Course Status** and Daily Dinner Features, Golf Shop Sales, Club Events, and other important news.

Scorecard & GPS:

Click "Start a New Round" and select your course. Next, add your playing partners at the top of the scorecard by clicking the "+" symbol. Keep score on the scorecard by selecting "Record" and you will also be tracking your golf stats to view in your profile. While on the course, the GPS can measure exact distance to the hole, or water hazards, bunkers, etc. By clicking the "I" icon, you can also view a flyover video of the hole itself for a bird's eye view. You will also be able to share scores to your Facebook, post your scores in Golf Canada, and you will be able to view your scores, along with others, on a live leaderboard!

Posting Your Score on Golf Canada:

By clicking the “Post Your Score” button, you will be taken to the Golf Canada login page. Once you log in for the first time, your login information will be saved. Each time you click the “Post Your Score” button, it will still take you to the login page, however, at the top left of the screen, your name will appear. Click your name and it will take you into your profile without having to log in each time.

App Profile:

Each person who downloads the App will have their own profile. This can be accessed by clicking the person icon in the top right corner of the App’s Home Page. This will track your golf stats and you can access past scorecards at any time. What a great feature!!

The App allows you to book tee times, make dining reservations, view our menus, check the current weather at Kingsville Golf, and the list goes on from there.
